Why become an event sponsor?

Invest in Our Young People

Your sponsorship of our Achieve Twin Cities Annual Celebration directly contributes to increased student achievement, graduation and career and college success. Achieve is here to make sure that all students receive the unparalleled support and tools they need to envision their future and make a solid plan to achieve their career goals and work toward long-term financial independence. In this work, Achieve collaborates with local businesses and other partners to build awareness, facilitate connections to diverse young talent and provide opportunities for sector-specific career exposure and summer internships.

Public Recognition

Your investment signals your strong support for public education, equity and Twin Cities youth. Through public recognition of your organization on our website, social media, other communications and at the event itself, your support of our mission to create a more just and vibrant community will be visible to over 10,000, education and philanthropic leaders in our broader community.

Connect with Other Community Leaders

Our annual celebration provides a great opportunity to connect with other leaders and organizations that are invested in education equity and workforce development. Gather with old and new friends to celebrate and build synergy for our shared work ahead!

About **Achieve Twin Cities**

Achieve Twin Cities rallies community support and delivers best-in-class programs to inspire and equip young people in Minneapolis and Saint Paul for careers, college and life. Our vision is that all students have full and equitable access to postsecondary educational and career opportunities, creating a more just and vibrant community.

We believe in the power of career and postsecondary readiness to enable young people to imagine and live rewarding lives, and we recognize the value in every path to personal well-being and long-term financial independence.

Achieve stands at the intersection of our schools, the private sector and local government, serving over 18,000 students each year through integrated and equity-focused programs. These include career and college readiness services embedded in 28 Minneapolis Public Schools and Saint Paul Public Schools high schools, the Step Up Youth Employment Program in partnership with the City of Minneapolis, and Achieve College Internships.

We know what we do works: 94% of students who utilize our school-based career and college readiness centers graduate with a career pathway plan. BIPOC and lower income students who utilize these services enroll in postsecondary programs at 69% and 79% higher rates than those who do not. And Step Up interns are more likely to be graduation-ready, with 95% reporting that their internships provided valuable learning experiences.

Achieve also hosts EDTalks, Principal Partner Day and other public engagement events that increase visibility and advocacy on issues impacting our young people. And we support Minneapolis Public Schools by securing major grants and administering school, staff development and college scholarship funds.

Our overarching goal is that all students develop a broad and thorough knowledge of career and college pathways, build their social capital (and resumes) through paid internships, achieve graduation-ready milestones, and leave high school prepared to successfully transition into postsecondary programs or other pathways to living wage careers.

Thanks to our **2023 Sponsors**
